KEEPING *your* HEALING

PASTOR CHRIS

“My son, attend unto my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they *are* life unto those that find them, and health to all their flesh” (Proverbs 4:20-22).

Living in health is God’s will for you. It is your birthright as a child of God. However, the devil is constantly seeking ways to bring you down with sickness and disease. The Bible says in **1 Peter 5:8**, **“Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour.”**

God has shown us through His Word how to keep what He has given us. Some people think He’s always watching out for when they would do something wrong so He can take back their healing. No, God is not that way! He would never take back what He has given you. The Bible reveals that the gifts and calling of God are without repentance (Romans 11:29). So God is not going to take back what He has given you.

In **Proverbs 4:20-22**, the Bible says, **“My son, attend unto my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they *are* life unto those that find them, and health to all their flesh.”**

The first step in keeping your healing is to attend to the Word. The word “attend” used in this verse of Scripture is translated from a Hebrew word that means “to step aside”. The connotation here is that you attend to the Word the same way you attend to someone by presenting yourself or making yourself available to that person. In other words, regardless of all that you do, God wants you to step aside and incline your ears to His Word. You may be very busy, with a lot of things on your mind, but God is saying, *“Step aside from all those things and listen to Me.”* And He shows us why.

“For they (my words) are life unto those that find them, and health to all their flesh” (Proverbs 4:22).

The word “health” in this verse of Scripture is translated from the Hebrew word “marpe”, which means “cure” or “medicine”. It connotes healing, wholesomeness, and soundness. The Word of God is medicine; it will keep you in health! And it is far better than any therapeutic or prophylactic medication.

The next step in keeping your healing is to keep speaking God’s Word about your healing and health. This means to confess or acknowledge God’s Word concerning you. In **Hebrews 10:23**, the Bible says, **“Let us hold fast the profession of *our* faith without wavering; (for he *is* faithful that promised).”** The word “profession” in this verse of Scripture is translated from the Greek word “homologia”, which is the same word for “confession”. The word actually means to speak the same things in consent or agreement with another.

Now, the Bible says to hold fast to your confession of faith. This means to stick firmly to speaking the same things in consent with God. In other words, agree with what God says about you; acknowledge and declare it without wavering.

God’s Word Translation puts it this way, **“We must continue to hold firmly to our declaration of faith. The one who made the promise is faithful” (Hebrews 10:23 GW).** Hold firmly to your declarations even if the symptoms show up again. Keep saying what God has said regardless of how you feel. The Bible says, **“For we walk by faith, not by sight” (2 Corinthians 5:7).**

Ignorance of God’s Word has been the bane of many of God’s children. The Bible says in **Hosea 4:6**, **“My people are destroyed for lack of knowledge...”** If you can spend quality time with the Word, there’s no sickness that would have the power or ability to break your body.

Understand that the Word of God created the whole world, and the Bible says all things are sustained by the Word of His power (Hebrews 1:3). All things in this world are kept in place and made to function according to their design by the Word of God. How much more you?

You have been born of the Word of God. In **1 Peter 1:23**, the Bible says, **“Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever.”** What’s more, the Maker of the whole world lives in you!

I DEPEND ON GOD

Angelica Trujillo's Tale of Triumph Over Disease

The Healing Streams Live Healing Services have birthed so many miracles that cataloging them all would be a daunting task. Every day, stories emerge of people who the world gave no chance, people whose faith triumphed in the face of insurmountable odds. These are living, breathing proof that the Word of God works and Jesus is real.

Angelica Trujillo is one such person, and she has an awe-inspiring tale of triumph to share.

Her troubles started in 2015 when she first noticed tremors in her hands and body that made it difficult for her to sit still. She complained to her doctor, and he prescribed anti-anxiety medications, telling her it was stress and urging her to make the effort to relax more. But this did not improve her condition.

Two years later, Angelica relocated to the United States of America. By this time, her situation had worsened considerably. The tremors persisted, but some stiffness had developed in her right arm and leg, causing her to drag her feet when she walked.

The continuous shaking and limited mobility were hampering Angelica's performance at work, so she went back to the hospital. Again, she was diagnosed with anxiety and given a new set of medications. This time, when she started the treatment, everything went awry. The tremors and stiffness intensified and spread to the rest of her previously unaffected limbs.

Her body's unusual reaction prompted another round of tests and consultations. The resulting diagnosis was grim. Angelica was suffering from Parkinson's disease,

a brain disorder that leads to uncontrollable movements and difficulty with balance and coordination.

"I could not go back to work. My entire body was stiff and constantly trembling. I had trouble standing and walking and couldn't even bathe myself," she says, recalling how bad things became.

"I could not go back to work. My entire body was stiff and constantly trembling. I had trouble standing and walking and couldn't even bathe myself."

Without a job in a new country and facing the prospect of watching her nervous system slowly shut down with time, Angelica's whole life changed. She had moved to the US to start a new life. She had a promising career as an engineer and this was an opportunity to make a better life for her family. All her aspirations ground to a halt once she received news that she had an incurable disease.

Losing her job also meant that the family's finances suffered. Her husband and son did their best, but they both had to work and often left her alone at home to manage as best as she could. The situation was bleak, as the list of symptoms lengthened with time. *"In addition to the lack of balance and inability to stay in one position for long, I also started to have allergies, breathing difficulties, and blurry eyesight. I needed a wheelchair and a walker to help me move around. I could not concentrate on anything,"* Angelica narrates.

Many people in Angelica's situation would have lost hope, but she didn't. Through her ordeal, she maintained faith in God, believing that He had something better planned for her. Seven years after the tremors first started, Angelica heard about the Healing Streams Live Healing Services with Pastor Chris, scheduled for July 2022. To this day, she is grateful for the bearer of those glad tidings, a friend living in the United Kingdom.

As the Healing Streams approached, Angelica listened to God's Word and her faith grew stronger. She began to talk differently. *"I have a wheelchair and a walker, but I don't want to depend on either. I depend on God. I believe He healed me more than 2,000 years ago and I know He has anointed Pastor Chris to minister healing to me,"* she began to say.

The Live Healing Services came around and Angelica participated actively from start to finish. She worshiped and thanked God for her healing. She watched and rejoiced with the people who testified, and she took every word she heard as confirmation that God loved her and wanted her well.

When Pastor Chris started to minister to those connected via video conference, he called out to Angelica. With hands stretched forth, he declared her healed and whole. Angelica received the declarations. The very next day, she noticed changes in her body. The stiffness and tremors faded completely. The headaches, blurred vision, and allergies disappeared. Just like that, Angelica had transformed into a picture of perfect health. Now, she testifies: *"I can move around now without losing my balance. All the symptoms I was feeling in my body are gone. I can take showers, do dishes and do everything without pain. I sleep through the night without any sleep medications."*

**"I can move around now
without losing my balance.
All the symptoms I was
feeling in my body are gone.
I can do everything
without pain."**

Glory to God! By His grace, Angelica now enjoys true freedom after seven years of bondage. What joy it is to behold the Lord's compassion and loving-kindness towards His children.

Do you know anyone who needs healing or God's divine intervention in their situation? Tell everyone you know that healing and health are available in Christ for free. Tell them that their condition does not have to end in death. Give them a copy of this magazine, and let this story bring them the light of hope. Tell them about the Healing Streams Live Healing Services and help them register and prepare. Be the reason for someone else's miracle.

A Dispensation of Ever-Flowing Testimonies

With God, all things are possible. With Him, there is no distance, no barrier, and no space in time. Through the Healing Streams Live Healing Services with Pastor Chris, the power of God is manifested across various towns, cities, and nations across the globe, creating an atmosphere of faith for healing and miracles that envelopes everyone who participates. There is no force that can withstand or restrain the move of the Spirit when the Lord, in His infinite love, reaches out to touch billions of people all over the world.

Innumerable miracles and testimonies from nations of the earth tell extraordinary stories of how oppression lifted and many experienced newfound relief, as devils were cast out, blind eyes opened, deaf ears unstopped, and lame limbs received strength when the power of God touched them where they were. Diverse ailments and medical conditions, many of which had hitherto defied solutions, have now become history.

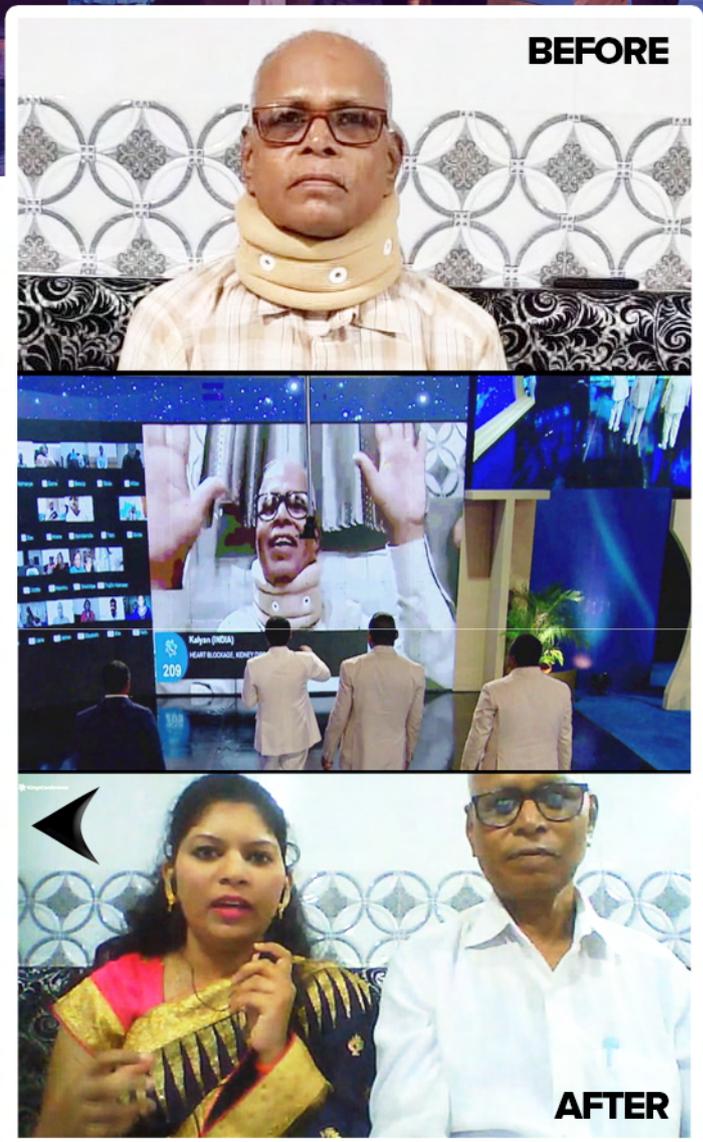

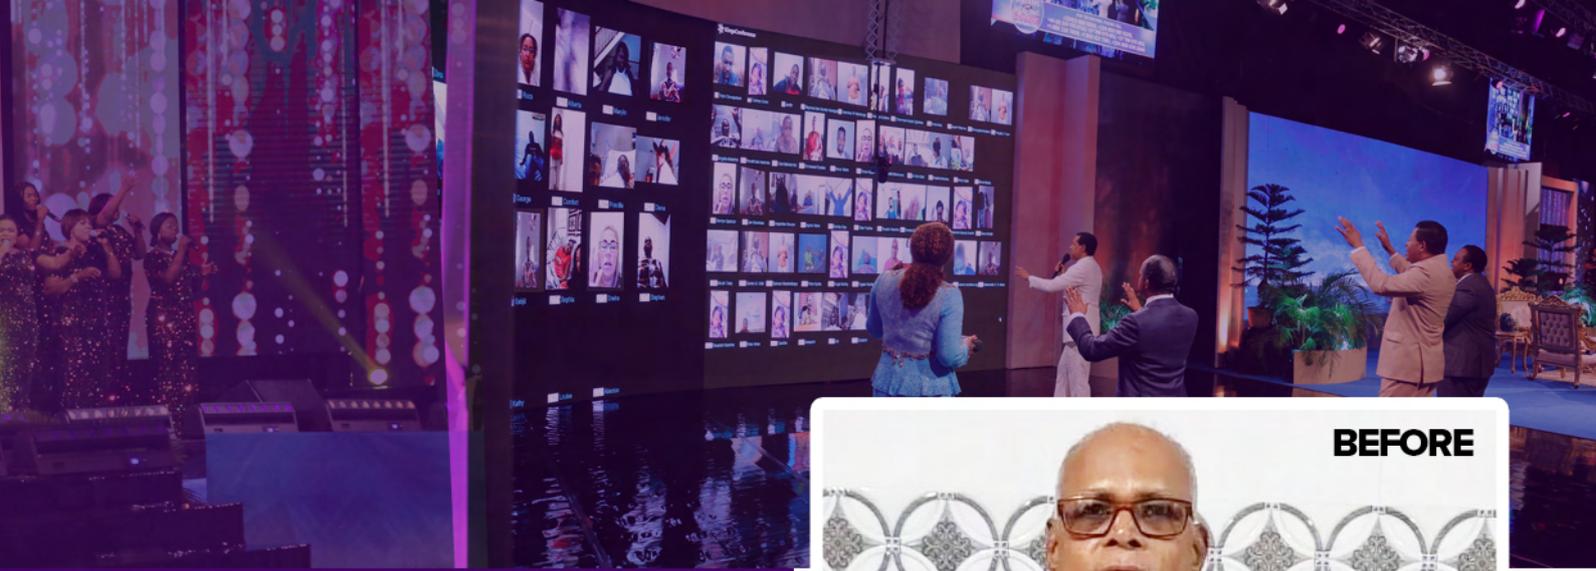

FOREVER GRATEFUL

Pastor Chidinma Albert is a minister of the Gospel. When she set up a healing center in her home for the Live Healing Services, she was excited to bring healing to others, not considering her own condition. For over a decade, she suffered from leg length discrepancy. She narrates: *“From 2008, I noticed my right leg grew shorter and shorter over time. My hips were misaligned, and my right knee would swell up every time I sat down for an extended period.”* Over the years, she adjusted and learned to cope with the development. *“I was always cautious while I walked. Any mistake and I would fall because my right knee was unstable. I made sure not to walk with a limp, no matter how much pain I felt,”* she says.

The healing services began and Pastor Chidinma immersed herself in preparing others to receive their miracles and celebrating with them as they did. On Sunday, the final day of the healing services, she came to a critical point and decided it was time for her miracle. *“After church service that morning, my right knee was swollen and sore. I told my husband this affliction had to end,”* she reports. She took pictures of her legs to show the obvious discrepancy in the position of her knees and length of her legs, as she prepared for the testimony she would share with the world.

Later that evening, during the healing service, Pastor Chidinma forgot about her discomfort, enraptured by the worship and awed by the testimonies. Pastor Chris was praying for families when she felt something. *“I felt something like a muscle cramp in my hip and I massaged it while I focused on what the man of God was saying,”* she recalls.

The power of God had touched her and something spectacular had happened. Afterward, she checked her legs and screamed in surprised delight. *“The shock hit me like a tsunami. My legs were exactly the same length and my knees were at the same level!”* she exclaims. She called out to her husband and he took pictures of her now perfectly aligned legs. Then she got up and jumped around, no more awkward movements and no more care to avoid pain. The whole house erupted in praise as she and her family glorified the Lord. Pastor Chidinma says, *“I will forever be grateful to God for this and many other miracles He has wrought in my life.”*

I RECEIVED A NEW HEART

Kalyan Ramachandra, 70, has a beautiful story to tell; a story of extraordinary deliverance from pain and discomfort. For years, he had managed heart disease with medications and appropriate diets. But his symptoms escalated one day and he had to rush to the hospital.

“When they tested me, they found blockages in my coronary arteries and told me I would need a stent,” he explains.

A surgery was done in short order and Kalyan was optimistic that he would make a full recovery and return to his life. But this was not the case.

“In April, I suddenly lost consciousness while I was at home and was taken to the hospital. The doctors discovered that the medicine I’d been using for my heart was damaging my kidneys,” he narrates.

The treatment was discontinued immediately. What followed was a trying time for Kalyan as his condition went downhill fast. He lost weight and his ability to balance, and he suffered from constant pain, especially in the neck. These symptoms were new and bewildering, and soon, Kalyan was crying out for a miracle. That was when he heard about the Healing Streams Live Healing Services slated for July 2022.

When the healing services commenced, Kalyan was participating from his home, bursting with anticipation. He was just waiting for that moment when Pastor Chris would release the Word.

That moment eventually came and the man of God called out his name and rebuked the spirit of infirmity. *“I felt lightning go through my body, and I knew then that I had received a new heart,”* he recounts. *“All the pain in my body was gone; I removed the neck brace I’d been wearing, and I was free and healed!”*

Just weeks after the Healing Streams Live Healing Services, Kalyan is virtually unrecognizable. The first thing that stands out is the joy he radiates. *“I have gained weight, I have lots of stamina, and I no longer take any medication. I am enjoying a healthy and happy life, and it started when I encountered Pastor Chris,”* he declares.

Testimonies from the Healing to the Nations Magazine

RESTORED TO HEALTH

During our evangelism and healing outreach with the Healing to the Nations Magazine, we went to a hospital and we met Ali, a lady in the intensive care unit. She was on life support but the doctors had called her family and told them to say their final farewells and to prepare themselves because she could die at any time.

We heard about her on arrival and asked to see her. The family consented, so we prayed with them. Then, we gave them copies of the Healing to the Nations Magazine and shared with them.

In the evening, we called to follow up and see how Ali was faring and we got a report that she was awake and sitting up. She had received strength and was breathing on her own, no longer needing an oxygen mask.

Three days later, we visited the hospital again and found Ali sitting up and talking. She could now feed herself and was moving around without assistance. For someone who had been given up on, the power of God had vitalized her and restored her health.

Thank you, Pastor Chris, for giving us this wonderful resource to take healing to the nations. We love you, sir.

SUPERNATURAL PROMOTIONS & DIVINE IMPARTATIONS

HEALING to the NATIONS LIVE

Healing to the Nations Live is a global program that celebrates the widespread impact of the Healing School. It's a peculiar opportunity to echo the relevance of the partnership and participation of stakeholders across the globe in the vision and mandate to take healing to the nations.

Articulating the importance of the mandate during the May 2022 edition of Healing to the Nations Live, the director of the Healing School, Pastor Deola Phillips, said: *"The Lord sent our man of God to bring healing and health to the nations. That is why we are here. By the divine ordinance of God, we are reaching people in the billions. The healing to the nations mandate has exploded all around the world. This is God's passion and I enjoin you to become a part of what the Lord is doing in the earth today."*

From far and near, people connected to the program for moments of inspiration for increased relevance and impact in the fulfillment of the call to take healing to the nations. Many participants were also apprised of opportunities to be part of the Lord's work of grace through the Healing School.

Through panel discussions, ministers from all over the world exhorted the global audience with God's Word. They also shared exciting testimonies and impact reports while enlightening viewers on several ways to partner with the Healing School's work. These include sponsoring and organizing healing outreaches with the Healing to the Nations Magazine, spreading impact through sponsorship of Healing Streams TV broadcasts, participating in Healing Streams programs, as well as Loveworld Medical Missions projects, and the Healing School's international youth initiatives.

The program featured partners of the Healing School who testified of the lavish grace they enjoy, as a result of being part of the mandate.

Omoye Ogedengbe suffered from cancer of the kidneys

(nephroblastoma).

What started as swelling on the left side of her abdomen soon became a cause for many severe medical procedures. Omoye, young as she is, was fighting for her life. At this time, the Healing Streams Live Healing Services was just a few weeks away. Omoye's parents elected to partner with the Healing School, with faith that God would heal their child. Within days, Omoye was discharged from the hospital and she returned to school, completely healed and fully recovered.

Healing to the Nations Live was also a celebration of God's healing power and extraordinary miracles as several testifiers whose stories were rewritten as a result of the Healing School shared their unforgettable stories and thanked the Healing School partners for changing the narrative of their lives. One such testimony was that of Mellita from New Zealand who was in a lot of pain for several months due to complications after surgery, as the incisions were not healing as expected. This was the case until someone gave her a copy of the Healing to the Nations Magazine. In faith, she placed the magazine on her stomach and the wounds closed up within a day.

While the program was on, pledges and seeds from all over the world flowed in from viewers who decided to connect to the grace of God by partnering with the Healing School. Indeed the Healing to the Nations Live was a time of supernatural promotions and divine impartations of grace and blessings. Glory to God!

Watermelon: Health Benefits

Watermelon is a tropical fruit characterized by its sweet taste and high water content. For some, it is terrific refreshment for a hot day; for others, it is a great selection for a low-calorie diet; for some others, it is just another fruit. Watermelon is full of healthy vitamins and minerals, so whichever category you belong to, there are several reasons to add this excellent fruit to your diet. Here are some health benefits to motivate you.

It Keeps You Hydrated

Watermelon consists of over 90 percent water. Combined with its great taste, it makes a delicious, yet healthy, substitute for water. Consider eating more watermelon as part of your daily water intake.

It Keeps Your Skin Healthy

Fun fact: watermelon seeds contain a high concentration of vitamin C and a good dose of zinc, a micronutrient with anti-aging benefits. Vitamins A and C are essential for maintaining healthy skin and preventing tissue damage. You can make a smoothie from your watermelon if you don't like chewing the seeds.

It's Great for Your Nervous System

Watermelon is a great source of potassium, zinc, and magnesium. All three are necessary for maintaining a healthy nervous system, and they are present in abundance in this superfruit, especially in the seeds.

It Helps Regulate Weight

Each cup contains only 40 calories. So, adding watermelon to your diet is a good idea if you're trying to lose weight. The abundance of magnesium in watermelon also helps as magnesium is essential for maintaining healthy metabolism.

It Helps Keep the Heart Healthy

Watermelon contains the antioxidant lycopene, a compound that research has linked to improved cardiovascular health and lower cholesterol levels. It also contains the amino acid citrulline, which increases the level of nitric oxide in the body, thus helping the blood vessels relax and reducing blood pressure. One cup a day will provide you with sufficient amounts of both lycopene and citrulline.

It Prevents Inflammation

Inflammation is a major cause of several chronic diseases but watermelon has several compounds that can help prevent this. Lycopene inhibits various inflammatory processes and also works as an antioxidant to counteract free radicals, thus reducing oxidative stress.

It Helps with Sore Muscles

Athletes who consume watermelon, especially as a juice, feel less sore and recover quickly after a race or an intense workout session. Citrulline boosts nitric oxide production and leads to better blood circulation, thus improving performance during exercise.

It Improves Digestion

Watermelon is mostly water and fiber, both of which are essential for digestion. Sufficient water intake ensures efficient movement of waste through your digestive system and out of the body, while fiber helps keep bowel movements regular and prevents constipation.

A cautionary note: moderation. As fantastic as watermelons are, don't consume too much. Also, eat it in the day time, to avoid delayed digestion at night due to the watermelon's slightly acidic content.

FAITH'S PROCLAMATIONS

OF HEALING & HEALTH

**“...He hath said, I will never leave thee, nor forsake thee. So that we may boldly say, The Lord *is* my helper, and I will not fear what man shall do unto me”
(Hebrews 13:5-6).**

When God tells us something, we have to accept it; that's where the power and the glory are. You ought to take God at His Word, and your action and response should be to conform to what He has said. Take God at His Word, accept the things He has decreed concerning your life.

For example, the Bible says in **Romans 8:11**, “**But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you.**” This is God's view; you have life in your physical body now. You didn't know this until God said so. Now that you know, your responsibility is to respond in conformity to God's Word. You respond by making bold declarations about yourself on the basis of what God has said concerning you in His Word. Choose today to act on the Word.

CONFESSIONS

I speak to my body in the Name of Jesus Christ, and I declare that every fiber of my being hears the Word of the Lord and responds. My mind, heart, skin and bones, and all organs in my body respond to God's Word. I am confident that I dwell in perfect health every day.

The plans of the adversary regarding my health will always come to nothing and be of no effect because I am born of God. I have overcome all the workings of the enemy. I have peace within my borders, and health flows from me to everyone I come in contact with.

Greater is He that is in me than he that is in the world. I refuse to fear! I walk by faith, not by sight. I refuse to be moved by any symptom that may show up in my body.

God made me in His image and likeness, I am fearfully and wonderfully made; there are no imperfections in me. I have the imperishable life of God in me, causing me to walk continually in divine health and strength. I have the life and nature of God; there is nothing that can stand against me. I am Christ's icon and His exact representation because as He is, so am I in this world.

My life is beautiful and radiant! I am blessed in all things and in every way. I am the light of the world! I will never walk in darkness. I will never walk in sickness or despair. I am shining on every side and the grace of God is evident in my life. I am the best of me for God, and there is no devil or infirmity that can stop me. I can never be defeated.

I am born of the incorruptible seed of God's Word; therefore, my body is unyielding to sickness and cannot be damaged by disease. Sickness cannot hold me down. God's Word works in me mightily; it is life to my body and health to my flesh.

My body is full of radiant health and vitality. I enjoy the health that has been freely given to me, and I can do all things through Christ which strengthens me. My body is the temple of the Holy Spirit, the living tabernacle of God. Sickness has no place in or around me. No plague can come near my household.

Divine life is at work in me and I live each day full of divine energy and vigor. It's health and victory for me all the way, in the Name of Jesus. Amen.
